SUPPLEMENT

ORIGIN
25X1X

1. As of April 1947 there were 219,400 Japanese in Dairen.

25X1X

2. Originally there were 300,000 Japanese prisoners in the Dairen-Port Arthur area. After repatriation, which ended in March 1947, there were approximately 20,000 Japanese technicians and laborers who remained and who are still working for the Soviets and Chinese Communists.

25X1X

3. Since November-December 1946 all workers in Soviet-controlled factories have been Japanese and Koreans.

25X1X

4. At the present time (May 1947) all White Russian and Japanese workers must have special permits to enter or leave Port Arthur.

25X1A

economic Information on the Kuantung Peninsula, in which the following is reported: The Dairen Machine Tool Factory is making German type automatic rifles under the guidance of Japanese technicians.)
